

GovEnergy 2012: Banner Partner Shipment Form

Known for their flexibility and portability, vinyl banners are a popular form of indoor/outdoor signage. As part of GovEnergy's ongoing efforts to be green, GovEnergy collects old, unused vinyl banners and converts them into pad folios. The pad folios are distributed to all registered attendees during GovEnergy.

Become a *GovEnergy Banner Partner* by donating any old, unused vinyl banners and help be a part of GovEnergy's recycling efforts. All banner partners will be recognized on the home page of the GovEnergy website. Complete the form below and include this form with your shipment and we will be sure you receive the recognition on the GovEnergy website. Below you find samples of banner materials we are accepting.

COMPLETE THIS FORM AND INCLUDE WITH YOUR SHIPMENT TO:

TRAVELINE, Inc.
Attn: Harry/GovEnergy 2012
4000 East 10th Court
Hialeah, FL 33013
(305) 691-5311
